INFINITI WOOD INSERTS

Infiniti's wood stoves are available as inserts. Using the same tried and trusted fireboxes as the freestanding units, these models are designed to be built into brickwork to give you that swisher look. They are manufactured with a built-in convection system. This funnels air around the outside of the hot firebox, bringing it back into the room as hot air. This increases the efficiency of the unit to just below that of the freestanding unit.

They are ideal for those existing homes that have a brick chimney as well as for new homes/renovations where chimneys are to be built. With the same high temperature combustion and long burn times of the freestanding units, these inserts are capable of heating large areas of home.

Available as standard with a 40mm black frame.

Available in the following versions:

Unit	Heat (Kw)	Heat (m ³)
Single Sided Insert	8kw	320
	10kw	400
	13kw	520
	18kw	720
Double Sided Insert	14kw	560
	18kw	720

INFINITI 10kw Insert

WOOD INSERTS TO CONVERT EXISTING BUILT IN JETMASTER UNIVERSALS

These Infiniti inserts are designed to easily convert existing built in Jetmaster units to high efficiency wood stoves. By using a cutting torch or plasma cutter to cut away the unwanted internal parts of the existing Jetmaster, enough space is created, that you are able to slide our insert into the external remains of the Universal. Our steel frame covers up to the external dimensions of the existing Universal frame to give a tidy fit.

This means that our insert can be completely installed in less than a day without any damage or re-work to the walls around the existing universal. This saves a lot of dust and disruption to the room as well as minimising the costs of changing to our powerful heat output insert.

Available in the following versions:

Unit	Heat (Kw)	Heat (m ³)	Converts
10 Kw Conversion	10kw	400	700D Universal
14 Kw Double Sided Conversion	14kw	560	700 Double Sided Universal
18 Kw Conversion	18kw	720	1050 Universal
18 Kw Double Sided Conversion	18kw	720	1050 Double Sided Universal

Insert being slid into 700 Double Sided Universal
